

FABRIZIO MILANESIO

QA Functional Analyst | Manual QA Tester | Software Tester

Córdoba, Argentina • fabrimila1998@gmail.com • +54 9 351-2007897
[LinkedIn](#) • [Portfolio](#) • [GitHub](#)

PROFESSIONAL SUMMARY

QA Functional Analyst with hands-on experience in functional, regression, integration, and End-to-End (E2E) testing for mission-critical banking systems (Fintech) and web applications. Specialized in API Testing and REST API validation using Postman, database verification via complex SQL queries in DBeaver, UAT support and acceptance criteria validation with business stakeholders, end-to-end defect lifecycle management in Jira, log analysis and troubleshooting with AWS CloudWatch and Splunk, and validating legacy COBOL-to-microservices migrations.

TECHNICAL SKILLS & QA COMPETENCIES

Core QA & Testing: Test Cases, Test Scenarios, Test Execution, UAT Support, Acceptance Criteria Validation, QA Environments, Defect Management, Bug Tracking, Functional Testing, Regression Testing, Integration Testing, End-to-End Testing (E2E), Requirements Analysis.
APIs, Backend & Databases: API Testing, REST APIs, Postman, Microservices Architecture, SQL, DBeaver, Database Validation.
Cloud, Monitoring & Logs: AWS CloudWatch, Splunk, Log Analysis, Troubleshooting, Incident Triage.
Tools, Methodologies & Dev: Jira, Git, Agile, Scrum, Python, Linux/Bash, C#, Cursor, Generative AI.
Languages: Spanish (Native) • English (B2 - Professional Working Proficiency) • Portuguese (Basic).

PROFESSIONAL EXPERIENCE

- QA Functional Analyst Fintech — Macondo Tek (Client: Banco de Chile)**

May 2026 – Present | Córdoba, Argentina

 - Conducted functional and technical testing for an average of **2 microservices per day** during migration, validating **7 to 15 Stored Procedures (SPs)** and associated endpoints per service.
 - Authored and executed **55+ Test Cases and Test Scenarios per sprint** across high-priority banking workflows and business-critical transactions.
 - Performed **API Testing** on RESTful services with Postman and verified transactional database consistency using advanced SQL queries in DBeaver.
 - Provided **UAT Support** by collaborating closely with bank stakeholders, business analysts, and validating acceptance criteria prior to production rollouts.
 - Monitored **QA Environments**, performing log analysis and root-cause troubleshooting via AWS CloudWatch and Splunk, significantly accelerating issue resolution.
 - Tracked and managed **25+ defects per sprint** in Jira across the full defect lifecycle through triage, retesting, and closure.
- QA/QC Manager — Odaclick**

Nov 2025 – Aug 2026 | Córdoba, Argentina

 - Owned QA release strategy and orchestrated **Test Execution** across multiple staging and QA Environments.
 - Built and maintained a test repository of **250+ Test Cases** covering functional, exploratory, and full regression test cycles.
 - Spearheaded **Defect Management & Bug Tracking** in Jira, managing and verifying **40+ defects per release cycle**.
 - Validated, certified, and successfully signed off on **18+ product releases and feature deployments**.
 - Reviewed pull requests against functional specifications and delivered actionable user-centric feedback focused on UX and gameplay flow.
- Software Testing Engineer — EPAM Systems**

Mar 2025 – Nov 2025 | Córdoba, Argentina

 - Executed functional, regression, and exploratory testing cycles adhering to Agile/Scrum best practices.
 - Logged and managed detailed defect tickets in Jira, documenting **30+ high-reproducibility bug reports** with comprehensive reproduction steps.
 - Contributed to quality certification and release readiness verification for **8 software releases** in CI environments.
- Laboratory Development Program — National Technological University (UTN)**

May 2022 – Nov 2022 | Córdoba, Argentina

 - Developed testing scripts and validated asymmetric cryptography implementations using Python, Git, and Linux Bash.
- Freelance QA Tester — uTest**

Jan 2016 – Jan 2019 | Remote

 - Participated in functional and usability test cycles across mobile, web, and consumer-facing applications.

EDUCATION & CERTIFICATIONS

- Bachelor's Degree in Systems Analysis — National Technological University (UTN)**

Expected Graduation: 2026
- Diploma in Functional Testing — UTN**

Mar 2025
- Diploma in Game Testing — UTN**

Apr 2025
- ISTQB Certified Tester Foundation Level (CTFL) & Advanced Blockchain Technologies Certificate — UTN**
